NH&RA Celebrates 50 Years!

Tax Credit Advisor magazine's April 2022 publication is a special commemorative issue in honor of the National Housing & Rehabilitation Association's 50th anniversary!

In cover story, *Affordable Across America*, Scott Beyer, Mark Fogarty and Pamela Martineau share with readers 50 projects from 50 members over 50 years. Each added project pieces together a historical record of the affordable housing industry spanning decades and subsidy types.

Also in this issue, NH&RA President Thom Amdur's *New Developments* invokes echoes of triumphs and challenges past with a guide to affordable housing through the decades. Scott Beyer's *Housing USA* travels from region to region analyzing 50 years of affordable housing across America. And David Smith waxes poetic about difference-makers, like Harry Howell, Art Hessel and more, who have left their marks on the industry.

Please enjoy this commemorative edition of *Tax Credit Advisor*, the leading affordable housing industry magazine.
